## Last Meeting

Last week was very special. We had the opportunity to induct four of our five new members. The induction was conducted by LG Germaine Barr. Sarah Zraggen, Sandra Brady, Camille Beaufort and Colleen Newburg were welcomed into the club by Germaine along with their sponsors, Connie Barker, Kathy Jones and Paul Francis. We again wish a warm welcome to our new members.

And since we had Germaine on hand, she also agreed to host an orientation session for our new members which gave a lot of background on Kiwanis Clubs. She also spoke about the many Service Leadership Programs Kiwanis promotes for our youth and the opportunities to serve within the organization.

As well as helping our newest members understand this unique organization, it was a good refresher for many of our other members, this writer included. Altogether a very interesting meeting.

## This week

This week we will be having something different. Last year the club supported the Ottawa West End Community Chaplaincy for a youth at risk canoe trip. Reverend Robert Campbell, who organized and led the trip will be joining us to speak about the trip and to share slides taken during this event.
