Last Meeting

This is the first Bulletin since March 16th. Your editor regrets not getting one out to for the April 6th one. At the March 16th meeting we had the pleasure of welcoming Perpetua Quigley from CNIB who spoke to us about that organization and many of the programs they have for those in our community who are blind or partially sighted. We as a club have given generously over the years to CNIB's "Early Intervention Service" program where Early Intervention specialists work with children from birth to 6 years of age helping them and their parents overcome the devastating physical and emotional aspects of blindness.

Our last meeting was held on April 6th. There were no speakers at that meeting but we got a lot of club administration accomplished and had a fruitful Lobsterfest meeting at the same time.

This week

This week we will be hosting Daniel Brunet of the Boys and Girls Club of Ottawa. I have spoken to Daniel and he is a passionate ambassador for his organization. Should be a very interesting presentation.

Parting Ponderings

I've been having some difficulty with time management recently so I thought a few thoughts on this subject would be in order:

The ability to concentrate and to use time well is everything *Lee Iacocca*

Riches are chiefly good because they give us time *Charles Lamb*

If you want to kill time, try working it to death *Sam Levenson*
